DEALER NOTICE

Gentlemen:

Please find attached the Moto Guzzi Parts/Price List which is effective from January 1, 1980.

We would like to bring your attention particularly to the first page which indicates general instructions for its use.

With respect to the discount definitions, we have to point out that the definition categorized TBA in brackets indicates parts prices which are to be announced.

On items marked "TBA", it simply means that we did not have available prices at this time from the manufacturers, and rather than delay the issue of this Parts/Price List, this formula was initiated.

Furthermore, we suggest that when you order parts from us you list the items in numerical sequence, as our Parts Department is set up that way. This will enable our Spare Parts personnel to be more effective, thus cutting down delays in getting parts to you. If you are ordering by telephone, the list which you use for this purpose can also be indicative as above, quoting the part numbers numerically on the phone to our staff, as above.

We thank you in advance for your usual cooperation regarding these matters.

Very truly yours,

PREMIER MOTOR CORPORATION

PARTS PRICE LIST

All prices subject to change without notice.

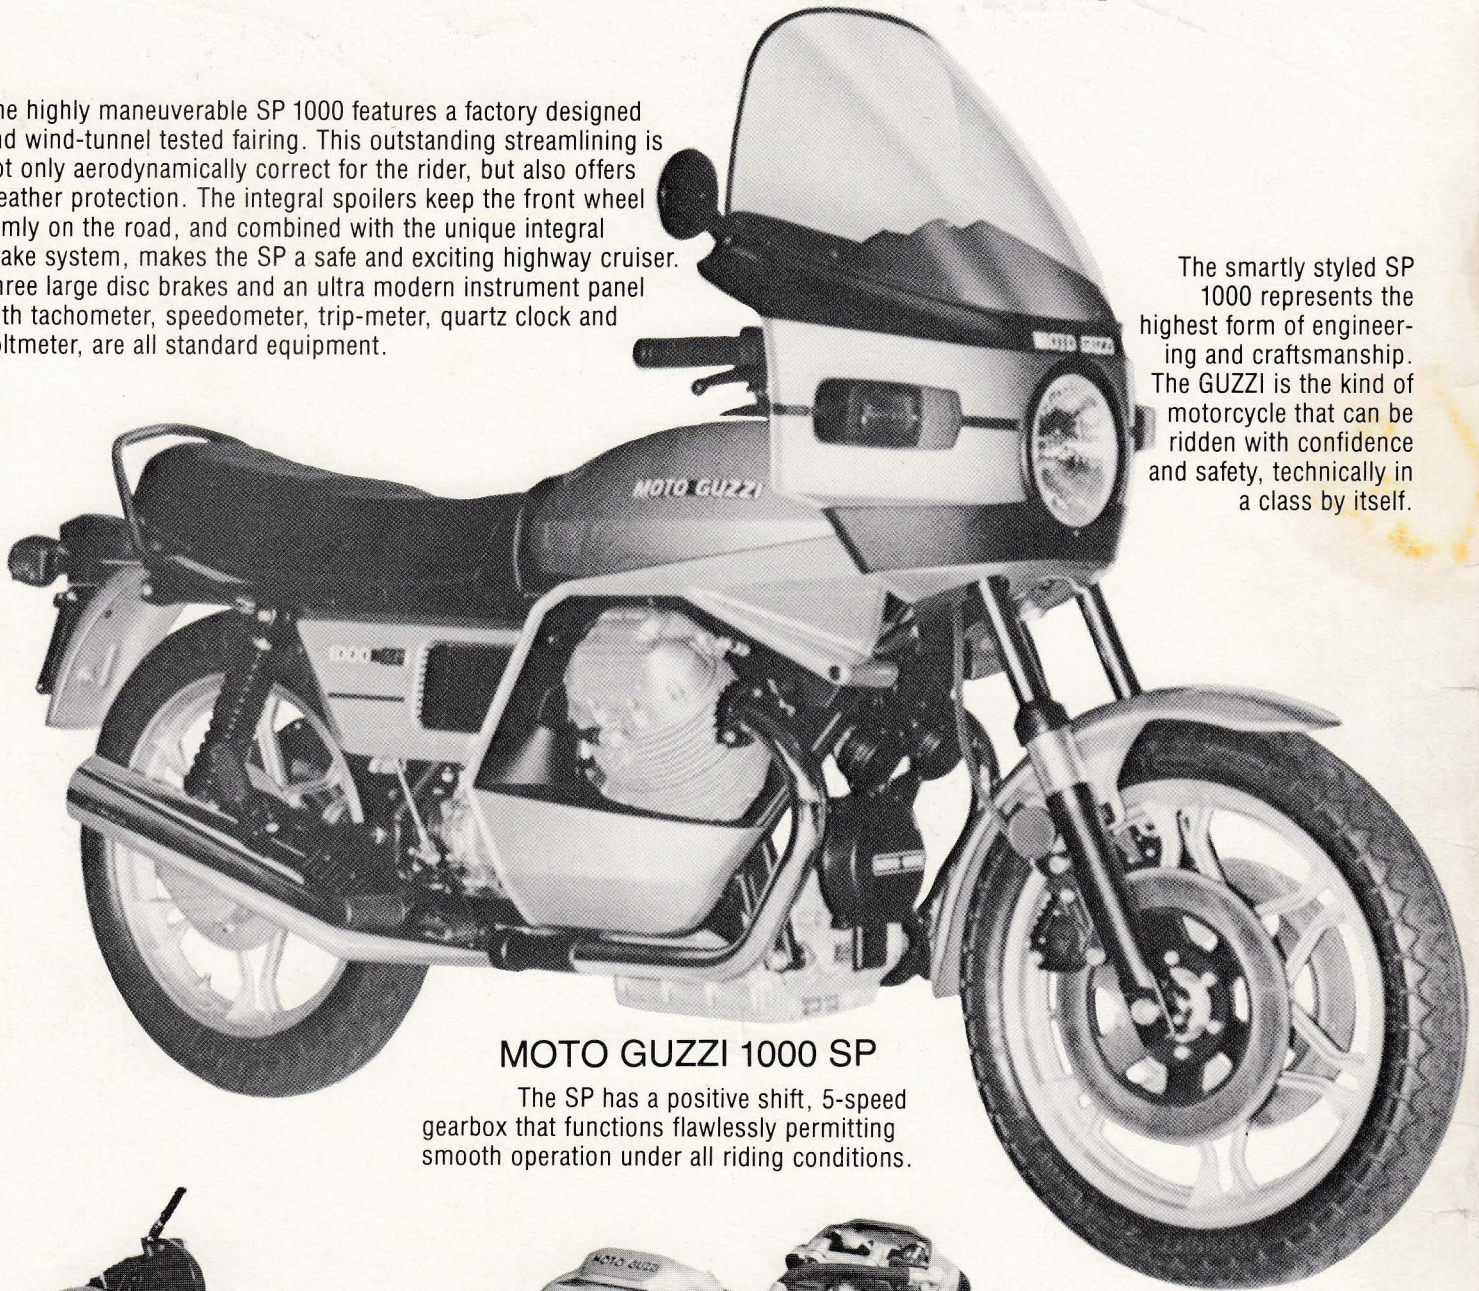

PREMIER MOTOR CORPORATION

RAILROAD STREET & PLANT ROAD, HASBROUCK HEIGHTS, NEW JERSEY 07804
SOLE DISTRIBUTOR IN U.S. AND CANADA

MOTO GUZZI - the internationally acclaimed touring machine ... that out-performs ordinary bikes...

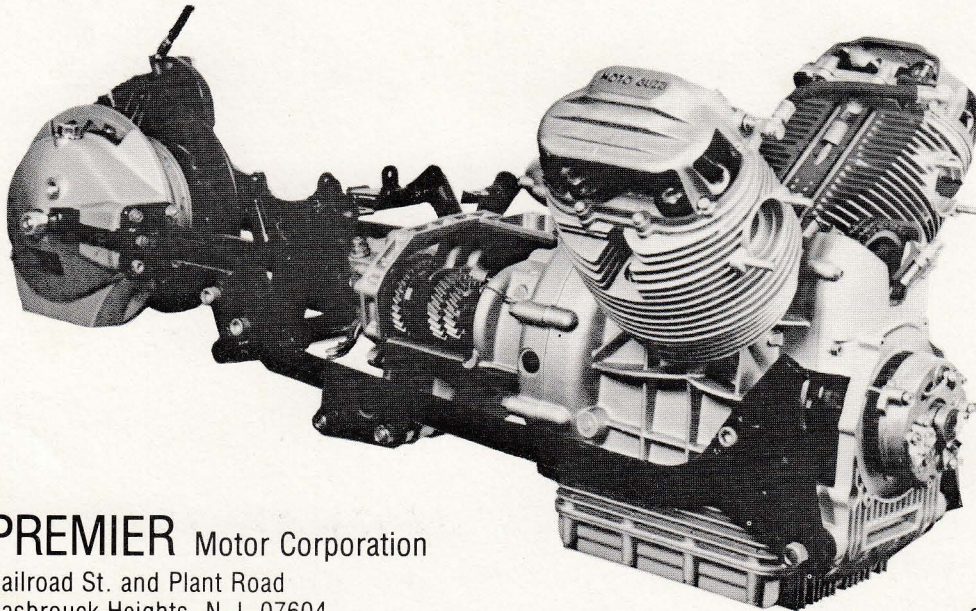

The highly maneuverable SP 1000 features a factory designed and wind-tunnel tested fairing. This outstanding streamlining is not only aerodynamically correct for the rider, but also offers weather protection. The integral spoilers keep the front wheel firmly on the road, and combined with the unique integral brake system, makes the SP a safe and exciting highway cruiser. Three large disc brakes and an ultra modern instrument panel with tachometer, speedometer, trip-meter, quartz clock and voltmeter, are all standard equipment.

The smartly styled SP 1000 represents the highest form of engineering and craftsmanship. The GUZZI is the kind of motorcycle that can be ridden with confidence and safety, technically in a class by itself.

MOTO GUZZI 1000 SP

The SP has a positive shift, 5-speed gearbox that functions flawlessly permitting smooth operation under all riding conditions.

The 90° alloy V-twin engine sports two Dell'Orto carburetors. The Bosch electric starter, high output alternator and heavy duty battery deliver reliable performance. Alloy castings, tough universal and robust shaft drive built into cast swing-arm and husky final bevel gear drive, are silent, clean and operate with a minimum of maintenance.

PREMIER Motor Corporation

Railroad St. and Plant Road
Hasbrouck Heights, N.J. 07604

An organization that offers over 45 years of motorcycle experience and maintains a national dealer network and a constant flow of genuine spare parts.

MOTO GUZZI PARTS PRICE LIST
(Effective January 1, 1980)

GENERAL INSTRUCTIONS

Please follow these instructions when completing your Parts Order Form:

BE LEGIBLE - BE ACCURATE
ADVISE ALL QUERIES SEPARATELY
(Do not write notes on order form)

DISCOUNT

All prices shown are Suggested Retail Prices. The discounts on all items are 50%, with the exception of those items marked "B" after the price. On those items marked "B", the discount to the dealer will be 25%. For those items marked "N", those are Net to the dealer. For those items which do not list a price TBA, (To Be Announced), this we will advise you through separate price bulletins.

MINIMUM ORDER

Orders less than five dollars (dealer cost) are subject to a \$1.50 Handling Charge.

PHONE ORDERS

Phone orders should be limited to ten lines at all times.

RETURN OF PARTS

No parts may be returned without our prior consent. Returned goods will be subject to a 10% service charge.

WE RESERVE THE RIGHT TO WITHHOLD THE SUPPLY OF ANY ITEM.
WE RESERVE THE RIGHT TO ALTER PRICES AND/OR SPECIFICATIONS
WITHOUT PRIOR NOTICE.

This new price list supersedes all other price lists previously issued.

MOTORCYCLE TIRES

The Superior Tire of Tomorrow... Today!

MT-15 MANDRAKE

A high quality tire at a reasonable price. This tire is now available in the following sizes:

80/90S18 - 90/90S18 - 100/90S18 -
3.00S18 - 3.50S18 - 4.00S18

Mandrake tread design is ideally suited for front and rear wheels.

A special tire compound has been used to guarantee excellent road holding characteristics on all roads both in wet and dry conditions. These tires are ideal for touring machines.

MT-29 PHANTOM

The matched front tire for the Phantom MT-28. The MT-29 tire has a semi-ribbed pattern which was developed to increase the directional control of high speed motorcycles.

This special design and construction gives this tire on straight roads the same advantages of a ribbed tire (Directional control), and in turns, those of a block design (excellent road holding). This is due to the wide and deep tread design. The Phantom is available in the following sizes and will fit most high power machines sold in the United States.

100/90V18 - 100/90V19 - 4.10V18 -
4.10V19

MT-28 PHANTOM V Rated

The latest tire developed by Pirelli suited for high performance superbikes with top speeds of 130 m.p.h. The Phantom has a wide and winding tread pattern which is an original scientific design that allows cornering to the maximum possible limit. These tires achieve performance similar to those of Grand Prix tires and are original equipment on the Ducati Super Sport 900 SS. Because the Phantom allows high mileage and a long life, it is recommended for both competition endurance racing as well as sustained sports riding on the turnpikes and freeways. The Phantom is available in the following sizes:

110/90V18 - 120/90V18 - 4.50V17 -
5.10V17 - 5.10V16 - 4.25/85V18

MT-18 GORDON H Rated

Pirelli tires are original equipment on many motorcycles that are known for handling. The tire development comes directly from experience in endurance competition. The Gordon has excellent road holding capabilities in the corners, as well as straight roads. The use of this tire is mainly for sports riding.

Your touring enthusiasts, who insist on superior handling, will find the Gordon the answer. The Gordon is available in the following sizes:

100/90H18 - 3.50H18 - 110/90H18 -
120/90H18 - 4.10H18 - 3.25H19

These tires may be used both on front and rear and will fit most motorcycles on our roadways today. The Pirelli Gordon is priced right, and is the best value dollar for dollar available to the public today. This should be the best selling road tire you have ever handled.
